The screenshot shows a website page titled "The Safety of Raw Milk". The page layout includes a navigation bar at the top with "Home", "News and Information", and "Take Action". The main content area is divided into several columns of text. The left column contains a section titled "KILLING PATHOGENS" and another titled "MULTIPLICATION IN MILK". The middle column has a section titled "DANGERS GENERATED". The right column contains several smaller articles or snippets, including one titled "FEDERAL AGENCY RECOMMENDS" and another titled "FEDERAL AGENCY RECOMMENDS". Below the main text, there is an "UPDATES" section with a list of recent news items. The background of the page features a photograph of a refrigerator filled with various brands of milk cartons.

USDA Food Statistics Board Release of Milk on 2003 US Dairy Imports and Exports to Overseas
